Four Photography Workshops

Learn from professional photographer Jerry Birchfield about taking great application worthy photos of your art. Come to 2 or all 4 sessions to learn techniques about lighting, equipment, set-up, and editing photos using low cost equipment, apps/software. Equipment is not provided. Bring whichever camera you use, including your cell phone.

Open to all artists of all media.

We extend a special welcome to artists from African American, Latinx, Asian, Refugee, Immigrant, LGBTQ, and other minority communities, to artists with disabilities, and to artists who are developing their professional careers without prior college level training in art.

4 Sessions in April

Especially useful for artists seeking strategies for photographing their sculptures.
